EXPERIENCE

One Snack

Web development intern

July 2024 – December 2024

- Designed and developed 5+ core webpages, ensuring a visually appealing interface and seamless user navigation for a gourmet snacks platform.
- Improved user engagement by ensuring seamless navigation and a visually appealing interface.
- Worked closely with a team of 12 to align design and functionality with brand goals, enhancing overall user satisfaction.

Open Source Chandigarh

Technical Team member

September 2023 - June 2024

- Organized and hosted multiple open-source-focused events, fostering participation among 100+ attendees.
- Conducted workshops on Git and GitHub, improving version control proficiency of the attendees by 40%.
- Fostered awareness of open-source practices and encouraged active participation through collaborative initiatives.

PROJECTS

Prescripto

Ongoing

- Developed a **MERN-based** platform allowing patients to book consultations in **under 2 minutes**.
- Implemented tools for doctors to manage schedules efficiently, reducing administrative overhead by 25%..
- Tech used : ReactJS NodeJS MongoDB ExpressJS

ILM KOSH

Deployment

- Ilm Kosh translates to **treasure of knowledge** and is an online platform built using the **MERN stack**.
- Designed to provide book enthusiasts with an intuitive and user-friendly interface.
- Features functionalities that enhance the overall experience of discovering, managing, and publishing books online.
- Tech used : ReactJS NodeJS MongoDB ExpressJS

PROFILES

Linkedin

Github

LeetCode

CodeChef

Hackerrank

SKILLS

- Programming Languages:** C++, C, C#, Java, JavaScript, Python
- Full-Stack Development:** MERN Stack
- Problem Solving:** Data Structures & Algorithms, Object-Oriented Programming (OOPs)
- Databases:** SQL and NoSQL
- Aware:** Git, GitHub, OS, Photoshop, Figma

ACHIEVEMENTS

- Winner:** Nexus- UI/UX workshop and competition Link
- Secured **1st runner-up** position in Code Slam: Hackathon and Codeathon, competing against **110 teams**. Link
- Advanced to **Round 2** of Adobe Gensolve, ranking among the **top 5 percent** of participants. Link
- Competitive Programming:
 - Achieved a **2-star rating** on CodeChef with a peak rating of **1510**.
 - Attained a contest rating of **1624** on LeetCode solving **700+ DSA** problems across topics like **graph algorithms, dynamic programming, and more**
 - Solved **1200+** problems across various platforms.
 - Earned a **5-star rating** in C++ on HackerRank.
- Open-Source Conference and Hackathon - IIT Kanpur, Participated in a **national-level open-source event**. Link
- Tech Abhivyakti 2.0, **Open Source Chandigarh - Certificate of appreciation** for successful organization of the event Link

EDUCATION

Chitkara University

Bachelor of Engineering (BE) in Computer Science and Engineering (CSE)

2022 - 2026

Punjab

CGPA: 8.7 (with no backlog)

Coursework: MERN, Data Structures and Algorithms, OOPs, DBMS, Operating Systems, AI-ML, System Design
